Dear Norma,

We received an application from a member of the UFT, so I'm sending you her name and address - perhaps you could check it out and let me know whether we should accept her. Or would you rather I send you the application and have you coordinate it all from New York. It occurs to me that I'm not really clear on the procedure. Are teachers going to be sending in their applications individually or are you planning to screen them all there and send them down together? Oh hell, what a mess.

Anyway, the name is Ellen Lawson. Address: 170 East 3rd St. phone: SP7-8834.

Thanks - I know you probably are already swamped with work and worries.

p.s. Ivahhoe is back, although he shouldn't be, and I'm trying to make him eat and sleep (all very subtly of course).
