EMMIX Enclosed is a carbon of a rough draft of a petition to get more federal judges into miss for the summer.

this is not a guild project. this is not a cofe project. i failed to convince anyone that it should be done. in all prability the leadership of all the civil rights organizations, the guild and everybody else will be mad about it.

fortunately and unfortunately I am still indiependent. nobody pays me. no body orders me. but this is something that must be done right away

the stencils are being cut now. they will be runned,

I am frightened & at the summer there is so much to be done and so few to do it. the end result is that somebody on your side gets maimed or killed. miracles don't last for ever.
