Dear Clarence:

Ronnie Moore, Louisiana Project Director, has informed me that he is in the position to hire you as soon as possible in view of your previous experience in Mississippi. I informed him that you could not pay your own way and he said that he could place you on the staff at a salary of \$22.00 per week. The Louisiana project is in the formative stages right now. A plan for a full scale attack on all the many facets of segregation in the state is now being devised. Please consider this offer seriously.

Please send your reply to Ronnie M. Moore immediately.

Yours Friend,

Dave Kramer
