URGENT !!!!!!!!!!!!! DO THIS TODAY

In order to get sponsors for our "bail fund" letters, we must have a list of prominent names immediately. The request for sponsorship will be Robo-typed on our stationary by a secretarial service. When YOU send your suggestions for sponsors with their addresses, include your name, then your followup phone calls or visits will have more meaning. We will also send you copies of the letters.

After we have the names of sponsors we can include their names on our "bail fund" letters.

Begin now compiling your lists of names and/or organizations so that the big mailing of 10,000 letters will be completed in April.

Representatives speaking for the San Francisco Freedom Parents Association have asked that their group become a chapter of our association. This necessitates an amendment to our By-Laws for a chapter or chapters - We will vote on this amendment at our next meeting.
