David Shulman will be at meeting to explain a plan for purchase of 2-way radios which are badly needed in Mississippi. He will also show movies of the Selma March. From him we will hear first-hand experiences.

The MFDP has fulfilled all legal requirements of title 2, section 201, et seq. for a challenge to last November's Congressional Election. If Congress is inclined to follow laws it has written for itself the Sub-Committee will make a report to the full House of Representatives on the Mississippi challenge by July 4th at which time they will vote on whether or not to seat the ILLEGALLY elected representatives from Mississippi.

NOW IT IS UP TO US TO KEEP THIS ISSUE BEFORE THE COUNTRY. RENEWED EFFORTS MUST BE MADE IN PUBLIC MEETINGS, LETTERS TO EDITORS, LETTER WRITING CAMPAIGN TO CONGRESSMEN AND FINANCIAL HELP TO MFDP.

Pressure must be brought on your Congressman. Ask him to see to it that the evidence compiled by the MFDP for the challenge is printed as soon as possible and sent to the Sub-Committee on Elections. Make sure that he hears from many of his constituents - your Congressman and Congressman Hawkins.
